databases generated as a result of submitting the query to the selected databases. None of the cited patents leads one of ordinary skill in the art to a process of at least two stages in which an initial page of a database is first examined, and then results from a search of the database is examined.

Withdrawal of the 103(a) rejections of claims 1 through 20 is therefore respectfully requested.

CONCLUSION

In light of the foregoing amendments and remarks, early reconsideration and allowance of this application are most courteously solicited.

Respectfully submitted,
